

Immune IQ Starter Pack

The perfect pack for anyone starting their 4Life immune support journey*

This product pack has some of 4Life's best-selling products all in one! Pre/o Biotics supports a healthy gut, where over 70% of your immune cells reside! Transfer Factor Classic further supports your immune system by educating your immune cells. Glutamine Prime spreads that immune support to the rest of your body, especially in times of increased stress. This pack is a great way to get started with immune support and health through 4Life!*

What's in the Immune IQ Starter Pack?

- 2 – Pre/o Biotics®
- 1 – 4Life Transfer Factor® Classic
- 1 – 4Life® NanoFactor® Glutamine Prime®

Pre/o Biotics

- Promotes the growth of beneficial/friendly intestinal flora with five strains of highly researched probiotics*
- Contains three types of prebiotics to optimize growth of healthy probiotics*
- Increases the amount and longevity of beneficial gut flora by up to 1,000 times over standard delivery*

4Life Transfer Factor Classic

- Supports healthy immune system function that, in turn, promotes healthy energy levels and the healthy function of all other systems throughout the body*
- Contains transfer factors (immune messenger molecules) and other natural components from cow colostrum that help educate immune cells*
- Boosts natural killer (NK) cell activity—NK cells are your immune system's first line of defense against health threats*

4Life NanoFactor Glutamine Prime

- Features NanoFactor® extract to support enhanced communication between immune cells for a more coordinated response in times of stress*
- Includes the building blocks of glutathione, a powerful antioxidant produced in every cell of the body, including immune cells*
- Supplies fuel to immune cells with the important amino acid glutamine*
